## Summary

---

As an aspiring learner in the field of software development, I bring a passion for coding and a strong learning in technologies. Eager to learn, adapt, contribute and showcasing my ability. Currently improving web-development by doing certification courses. A dedicated and motivated individual, I am ready to enhance my skills and make a positive impact by growth. Despite a lack of formal work experience, my enthusiasm for technology, coupled with my ability to adapt and implement.

## Skill Highlights

---

- C, C++, Java, Python Programming Languages.
- Data Structures - Intermediate
- JSP, Spring MVC, Spring Boot Technologies - Back-end Development.
- Thymleaf Engine
- HTML, CSS, JavaScript
- MERN stack
- AI tool - CHAT GPT

## Experience

---

### E-Library Project

I've undertaken a personal project to create an **Contact Manager**. Using **Spring MVC**, **Spring Boot** for Backend development and **HTML, CSS** for Front-end development by **Thymleaf Engine**. For database operation used **Spring JPA**. **Spring Security** for **Authentication** and **Authorization**.

### To-Do-List Project

I've undertaken a personal project to create an **To-Do-List**. Used **Spring MVC** and **HTML, CSS**.

### WeatherVibes- A Music Streaming Platform Project

Cuurently working on personal project using **MERN Stack** technology, will be implementing **Machine Learning** algo's for **sentiment analysis** and **music prediction**.

## Education

---
